RoHS declaration 2011/65/EU

Metallwarenfabrik Gemmingen GmbH hereby declares the conformity of the power generating sets, hand spot lights, charging stations and cable drums as well as die-casted and stamping products with the EG-Guide line 2011/65/EG, former 2002/95/EG, to reduce the use of particular dangerous substances in electric and electronic units, manufactured by us.

Our manufactured power generating sets with combustion engines or with electro motor components are not part of the domain of the above mentioned guide lines as to perform their general functions and orderly operations, no electricity is required.

This was also announced by the EU-commission in their statement due to a request by the European Association of Internal Combustion Engine Manufacturers (Euromot).

The report, which units respective other products are linked to the regulation domain of the above mentioned regulations, is presented on the internet website of the EU-commission.

Please be free to contact us by any further question, as we also are intensively handling with this subject to ensure the maximum security for our customers.
