

Malux

Fixing clamps BFK D40 EX / BFK D75 EX inclusive permanent magnet, rubber coated

The mounting clamps including the fully rubberized permanent magnets are ideal for quick and easy attachment of our tube lights or inspection hand lights for temporary work. Thanks to the high magnetic force (up to 60kg) a secure hold is guaranteed.

- no clamping or notch effect on the luminaire protection tube
- fast, secure attachment thanks to permanent magnet (fully rubberized)
- safe pipe support for every conceivable load case
- 350° tube wrap with wide contact surface
- stable claw closure guarantees perfect locking
- also usable without claw closure
- incl. permanent magnet, fully rubberized, 60kg adhesive force
